

Into the Light

APRIL IS NATIONAL AUTISM AWARENESS MONTH

The greatest benefit of involvement in the Autism Society will always be our community - networking and learning from parents and individuals on the spectrum who are walking a similar path!

Donna Sabel , ASCV board member and mom to a teen on the spectrum, recently shared: *The other evening at dinner, our son announced to us that he was glad he had autism. He said it made his brain so he can remember a lot of details that help people when they buy cars and TVs. Also, if he didn't have autism, he wouldn't be able to go to all the cool things that the Autism Society puts on. He wouldn't have met 2 of his friends. ASCV has been helping to improve his life ever since Bradford helped me through his IEP going into kindergarten, but very cool to hear him acknowledge it from his perspective. I know you all are crazy busy, but know that your efforts truly positively impact affected individuals and families.*

Rosa Fernandez, mom to a young son with autism, told us: *ASCV has trips, classes, etc. for kids and adults under the spectrum. They do so much...too much. And that's a great thing. I can't help but cry at times. They've helped my son and me so much. I love this organization!!!! I took their IEP BootCamp and I benefited from enlightening myself with all that information. I was able to help my son. Thank you so much. We're truly blessed to be members.*

Shawn Kirk, self-advocate and ASCV board member has shared: *If were not for the Autism Society Central Virginia I would not be where I am today. They have helped me out and many others affected by autism in ways more than I can begin to describe.*

Being part of our caring and growing community is “priceless”! Learn more about what the ASCV has to offer and how to get involved at <http://ascv.org/membership/> !

From Our Executive Director

Happy April!

The ASCV is excited to have been invited to participate in many awareness events in April in support of National Autism Awareness Month. I want to thank the members and others who have approached us with these ideas and other ways to promote autism awareness and raise funds for the ASCV this April. We are excited to be sharing information at a Motorcycle Ministry Ride in Petersburg, an Easter Egg Hunt in Hopewell, Kings Dominion, TGI Friday's Hull Street, at Vineyard Vines Stony Point, and at the Cuddle Up for a Cause "Until the Pieces Fit" vendor fair in Colonial Heights, among other places! Please take a close look at the newsletter for details on when and where we will be all month and plan to join us at these and other events!! You can also check out the full listing of our programs and events on our website at <http://ascv.org/meetings-events/>

We hope you will help us share information about the resources and social and educational opportunities the ASCV provides for individuals with autism and families, not just in April but year-round!! Here are just a few ways you can help --

- Wear or display the puzzle piece ribbon
- Check out the NAAM page of our website, <http://ascv.org/resources/national-autism-awareness-month/>, and share info with your school or community.
- Share our newsletter with others.
- Forward our weekly E-Blasts to anyone you think might be interested in the activities we offer, and encourage them to get involved with the ASCV!
- Ask your employer if they match contributions and designate the ASCV as the recipient of your donations.
- Contact me if you hear of organizations or companies that are looking for community partners! I am always happy to share about the many opportunities we have for volunteers and the numerous ways the ASCV can put donations to great use for individuals with autism and families in Central VA. And make sure to share with all that you contact, "the funds raised here, stay here!"

All the Best,

Becky

Autism Society Celebrates 50 Years of Support to Individuals and Families!

We can think of no better way to begin our celebration of National Autism Awareness Month (NAAM) this year than by recognizing the 50th Anniversary of the Autism Society! From the Autism Society website, "The Autism Society was founded in 1965 by Bernard Rimland, Ph.D. His book, *Infantile Autism: The Syndrome and Its Implications for a Neural Theory of Behavior*, was written in late 1964 and was one of the first of its kind. In 1968, Ruth Sullivan, Ph.D., became the organization's first elected president. Over the last 40 years, the Society has grown from a handful of parents into the leading source of information, research, reference and support on the autism spectrum. The Autism Society is the oldest and largest grassroots organization within the autism community." (<http://www.autism-society.org/about-the-autism-society/history/>) The Autism Society Central Virginia (ASCV) is proud to be one of the 107 Affiliates of the Autism Society working across the United States *to improve the lives of ALL affected by autism in our community!*

There's No Mystery to the Puzzle

Oftentimes, I am asked when out in public why I am wearing a puzzle piece ribbon pin. I never hesitate to respond that the puzzle piece ribbon is the symbol of the Autism Society. I go on to explain that the puzzle pattern reflects the mystery and complexity of the autism spectrum. The different colors and shapes represent the diversity of the people and families living with autism. The brightness of the ribbon signals hope – hope that through increased awareness, and through early intervention and appropriate treatments, people with autism will lead full, independent, and self-sustaining lives.

Help the ASCV share awareness by wearing and/or displaying the autism ribbon this April. Don't have a ribbon? Contact us for info on where to purchase one online.
