From Our Executive Director

Welcome to our newest ASCV Board Members!

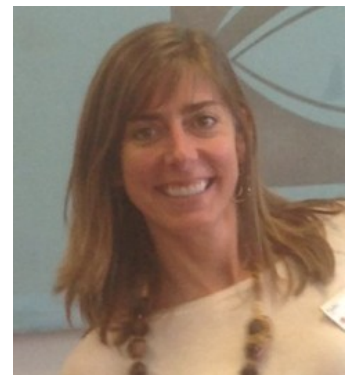

On Saturday, September 13th, the ASCV held a New Board Member Orientation and welcomed four new Members to our Board. New on Board this year are Angie Dykes, Taylor Bell Falls, Ashely Payne, and Paul Warner. We are excited about the passion and motivation each brings as they help us fulfill our mission **to improve the lives of ALL affected by autism**. I hope when you have a chance to meet them in person, you will help welcome them to the ASCV Family! Here's a little about each of them...

**WELCOME
NEW BOARD
MEMBERS!**

Angie Dykes has had a lengthy career in management at several Richmond-based organizations, including Thalhimers, Circuit City, and most recently Capital One. Angie received her Bachelor of Arts as well as her Masters of Business of Administration from Virginia Commonwealth University. She also received her Project Management Certification (PMP) from the Project Management Institute. In her spare time, she enjoys traveling, reading, and volunteering. She and her husband have one son.

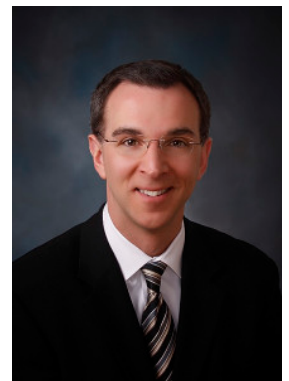

Taylor Bell Falls received her BA from Mary Baldwin College and pursued a career in interior design. Taylor owned her own children's interiors store on Grove Avenue for years. Her two children led to working from home and consulting. Taylor is now employed with American Office selling corporate interiors. She stays busy with her teenage sons, hiking, biking, trail running, cooking and eating good food!

Ashley Payne is an Estate Planning, Special Needs Planning, and Elder Law attorney. She assists families, young and old(er), in planning for death, disability, and long-term care. Ashley was selected as a Rising Star in Estate Planning with SuperLawyers magazine for the past three years, and received the 2013 Kirsta Latshaw Pro Bono Award for her volunteer work with the Legal Information Network for Cancer. Although Ashley is a Virginia native, she received both her undergraduate and law degrees from the University of Washington, in Seattle. Ashley loves classic movies and literature, and enjoys spending time with her husband, six year old son, and 12 year old lab hiking and camping in the mountains of Virginia. She also enjoys swimming and sailing on Virginia's waterways.

Paul Warner received a BS in Finance from Siena College and he is currently pursuing a Masters Certificate in Digital Marketing through UVA. Paul has spent over 20 years in the financial services industry in a variety of roles in Finance, Marketing and Sales. He began his career working for General Electric and is currently employed by SunTrust Mortgage. He is a native of New York but his wife and two children now call Richmond home. In his spare time Paul enjoys cooking and long distance running.

These four will join our existing Board Members in helping the ASCV with strategic direction, general oversight, resource and fund development, governance, and community outreach. We are blessed to have such an engaged group of individuals working with us!

All the Best,

Becky

AUTISM SOCIETY CENTRAL VA ADVOCATING FOR THE AUTISM COMMUNITY

The ASCV works diligently to represent the voice of the autism community with local and state policymakers. We serve on many local and state work groups, committees, coalitions, and advisory councils to insure that the needs of our community are represented in conversations and decisions impacting individuals with autism and their families. We'll highlight the work of one of these groups each month.

Regional Educational Assessment Crisis Response and Habilitation (REACH) Region IV Advisory Council

An outcome of 2012 Settlement Agreement between the Department of Justice and the Commonwealth, this statewide crisis system supports the needs of Virginians with intellectual disability and/or developmental disability who experience mental health conditions or challenging behaviors that are negatively affecting their quality of life. Bradford Hulcher, ASCV Program Director, serves on the Region IV REACH Advisory Council which covers the greater metro Richmond area.

Who does REACH serve?

Currently, individuals ages 18 and above with documented evidence of intellectual or developmental disability and mental health or behavioral needs. A system of support for children is in development.

Who should be referred to REACH?

Individuals and families, CSB or DD Case Managers/Support Coordinators, or other natural supports in a person's life might refer someone who:

- is at risk of losing their home or job due to behavioral concerns;
- has a history of complex medical, behavioral, and/or trauma related issues;
- has exhibited a significant deterioration in functioning over the past 24 months;
- has been hospitalized or admitted to a psychiatric hospital or training center; or
- has exhibited behavior that resulted in contact with law enforcement or jail.

What does REACH do?

REACH may:

- provide mobile support services to the individual's system in order to maintain stability in their current placement
- provide 24/7 crisis response and consultation, as well as ongoing preventative, cross systems crisis planning
- provide planned therapeutic respite

How do I contact REACH?
