## From Our Executive Director

**Welcome to our newest ASCV Board Members!** The ASCV is excited to welcome several new Board Members this fall! Each brings unique experience, passion, and motivation to help us fulfill our mission **to improve the lives of ALL affected by autism in Central VA**. I hope when you have a chance to meet them in person, you will help welcome them to the ASCV Family! Here's a little about each of them...

**Staci Carr** received a Master's degree in education from Harvard and a Ph.D. in Developmental Psychology from Virginia Commonwealth University. Since 1993, Staci has been working and conducting research in the field of Autism Spectrum Disorder, specifically addressing Social Skills Training and Social Competence, Quality of Life, Transition to College, and Relationships and Sexuality, and first responder training and preparedness. She has worked in Michigan, New York, Massachusetts, Rhode Island, and Virginia developing programs to support individuals in a variety of settings with varying abilities. Additionally, Dr. Carr has consulted nationally on issues related to adolescents and young adults with ASD.

**Sairaman Kalpathi** joined the board in July 2015. He received his MBA in Finance and Entrepreneurship from HEC, Paris and Booth School of Business, University of Chicago. Sai has spent over 20 years in the Information Technology industry specializing in products and services for financial services industry in a variety of roles in Software Engineering, Sales and Consulting. He began his career working for Citicorp and is currently employed by Oracle Corporation. With his wife and three children (one four-legged son with a big bark) they thoroughly enjoy Richmond and call it their second home. In his spare time Sai enjoys listening to music and spending time teaching math and science to his children.

**Erin Jordan** is an alumna of the College of William and Mary where she ran track and cross-country and majored in Kinesiology. She moved to Boston after graduation and worked for the New England Center for Children, a day school and residential school for those with Autism Spectrum Disorders. In 2009 Erin had the privilege of moving to Abu Dhabi in the United Arab Emirates where she helped open a classroom for students ranging in ages from 2-6 years old on the spectrum. While in Abu Dhabi she pursued a Master's Degree in Special Education from Simmons College in Boston, MA as a distance learner. Erin has an extensive background in applying the principles of behavior analysis in classrooms serving students with ASD. She is currently taking classes to be able to sit for the National Board Exam to become a Board Certified Behavior Analyst (BCBA) in the spring of 2016. Erin has a passion to help those affected by ASD and does so in her current role as the Autism Program Coordinator in Henrico County Public Schools. In her free time she enjoys being entertained by her toddler.

We also wish to thank Ashley Payne for her year of service to the ASCV Board and community and wish her all the best in her new career as a teacher in Richmond City Public Schools!

All the Best,

*Becky*
