

Into the Light

BACK BY POPULAR DEMAND - THE ASCV IEP BOOT CAMP!

The Autism Society Central VA (ASCV) provided information and resources via phone calls, emails, and in person for over 2200 inquiries in 2016. Questions and issues ranged across the lifespan, from assessment/diagnosis to adult services, and across the spectrum. However, time and time again one single topic rose to the service – Individualized Education Programs/Plans (IEPs). For that reason, we are repeating the IEP Boot Camp in lieu of a typical Annual Conference in 2017.

Join our Program and Outreach Director, Tammy Burns, and become empowered with knowledge and understanding about the IEP process, language, and options on Friday, March 31st from 6:30pm-9:00pm and on Saturday, April 1st from 9:00am-2:00pm. For more information about the topics to be covered, please see the flyer insert in this email and register here - <https://iepbootcamp2017.eventbrite.com>

Registration includes: IEP Boot Camp Toolkit, additional manuals and materials, pizza dinner on Friday, March 31st and a light breakfast on Saturday, April 1st. Registration closes on March 26, 2017.

From a previous attendee of the ASCV IEP Boot Camp -- *"Thank you for all your workshops. The Autism Society (Central VA) has provided me with the information to assist my son. He was finally approved for an IEP eligibility meeting June 1. Today we created a fantastic IEP for this coming fall!!! In your class, the statement that stuck out was to not go in the meeting with a Me against The School demeanor. It worked."*

Don't miss this empowering opportunity!

From Our Executive Director

ASCV Provides Advocacy at the Local, State, and National Level!

Advocacy is one of the five Core Services that the Autism Society Central Virginia (ASCV) is charged with providing to our community. We are engaged at the local level as representatives on many agency task forces, work groups, and advisory councils, including the VCU-ACE Advisory Council and Region 1 Community Partners Advisory Committee, Virginia is for Siblings Chapter Network, TACIDD, Region IV REACH Advisory Council (Crisis Response and Habilitation), and the VDOE Special Education Advisory Committee. We believe our participation in these and other groups is important so that we can share needs and issues related to autism and bring timely information back to our community.

The ASCV also participates in the DD Coalition organized by the Arc of VA. For the third year in a row, the ASCV sponsored two vans to provide transportation for groups of self-advocates, family members, and professionals to meet and visit with state legislators on Developmental Disabilities (DD) Advocacy Day at the Virginia General Assembly. On Tuesday, January 31st, I was honored to travel to legislative offices with these constituents and listen to them share their stories with their elected officials. They spoke of the need to “End the Wait” for DD Waivers, as currently more than 11,000 Virginians with intellectual and developmental disabilities (I/DD) are waiting for Medicaid waiver home and community based services; on the importance of inclusion in schools and the community, and shared the DD’s Coalition’s legislative agenda to close training centers. We then joined other advocacy groups from across VA at a Rally at the Bell Tower to listen to government officials, self-advocates, and family members share their experiences and passion that all individuals should have “A Life Like Yours” (ALLY). The ASCV is so grateful to the Arc of VA for their leadership on the DD Coalition and for hosting a wonderful networking lunch for all who participated in DD Advocacy Day this year!

When you receive this newsletter, I will have just returned from visiting with our elected officials in Washington, D.C. at the annual National **Day on the Hill**. Staff and volunteers from the Autism Society’s national office and representatives from Autism Society Affiliates from across the United States meet in DC every year to visit with state legislators and our nation’s key leaders to advocate for legislation to improve the lives of the millions impacted by autism spectrum disorder across this country every day. The **Day on the Hill** provides a unique opportunity to raise awareness among these leaders and key influencers about the work we do and the issues affecting the communities we serve. I am, as always, honored to represent the ASCV on these visits, and to share information on behalf of individuals and families in Central VA.

If you would ever like more information about these or any other ASCV advocacy initiatives, please just let me know! I believe, Our Advocacy Does Make A Difference!

New ASCV Scholarship Program Added for 2017

The ASCV has offered a Recreation and Social Scholarship Program to area children, youth, and adults with ASD since 2013. To be eligible for these scholarships, an individual must have a diagnosis of autism and reside in Metro-Richmond or a surrounding city/county. Scholarships for ASCV Membership are also available for families experiencing difficult financial times or for whom membership would place a financial burden.

In January 2017, the ASCV added an additional scholarship opportunity, open only to ASCV members. The Education and Enrichment Scholarship Program is designed to improve the quality of life for individuals with autism and their families/caregivers. This award may be used by the individual and/or family members/caregivers towards educational enrichment opportunities. A total of up to \$300 per membership is available per calendar year. Examples of qualifying activities include conference registration, workshops, webinars, tuition, and fees related to educational endeavors related to ASD. Additional information is posted on our website.
