

Autism Fact Sheet

- **Kids with autism are kids just like you!**
- Kids who have autism are born with autism.
- Autism changes the way a brain works.
- 1 in 59 kids have autism.
- Kids with autism look like other kids.
- Kids with autism have thoughts and feelings just like you.
- **Every kid with autism is unique** in what they like, what they are good at and the things that might be hard for them.
- Kids with autism may have trouble understanding the world around them.
- Some people with autism talk, and others do not. Just because they don't talk out loud doesn't mean they don't have things to say or share.
- Things like lights and noises bother some kids with autism more than they might bother you.
- Kids with autism may have a hard time talking to other kids and having autism can make it hard to know how to play with other kids.
- Kids with autism like to have friends they just may not know how to make them as easy as you do.
- **How to be a good friend to someone with autism:**
 - Be patient and kind.
 - Play in a way that includes everyone.
 - Talk like you would to any other kid.
 - Give a high five or fist bump when you're having fun. (Ask first!)
 - Sit together in the lunchroom or the classroom.
 - Be a buddy on the playground or during other activities.
 - Walk together to class or the bus.
